- Web Development
- Statistical Data Analysis
- Problem Solving
- Team working
- Critical Thinking

Imesha Dilshani

Data Science

ABOUT ME

I am pursuing a degree in Computer Science specializing in Data Science. I am hardworking and dedicated to increasing my understanding and improving my abilities in this constantly changing field. Fascinated by technology, I want to develop constructive, creative, and efficient solutions. As a computer science student, I would love to leverage my skills and knowledge to advance technology and solve practical problems. I'm looking for opportunities to collaborate, learn from industry professionals, or work with innovative technologies that can shape the future.

WORK EXPERIENCE

Data Analyst December 2023 - January 2024

MeriSKILL Internship | India • Remote

As a Data Analyst Intern at MeriSKILL, I raised data quality using advanced cleaning techniques. I performed statistical analyses to uncover trends in user actions. I also developed Power BI models for data Visualization.

Graphic Designer 2017 - 2019

Freelancer.com and Shutterstock

As a Graphic Designer on Freelancer.com and Shutterstock, I concentrated my energies in creating attractive designs for several clients at the same time. With stock assets from Shutterstock, I designed imaginative images customized to the needs of your brand or a project's unique requirements.

PROJECT

Customer Churn Analysis - Churn Prediction

Machine Learning, Jupiter Notebook, streamlit, Python

Diabetes Prediction System

Machine Learning, Jupiter Notebook, HTML, Bootstrap, Django, Python

Airline Reservation Management System

HTML, CSS, Thymeleaf, Java(SpringBoot), MySQL, Version Control System

Movie Web Application

react, java(SpringBoot), MongoDB

Portfolio Website - Ongoing

react framework

Sales Data Analysis

Microsoft Power BI

Restaurant Website

react framework

GPA Calculation System

C# .NET framework

EXTRACURRICULAR ACTIVITIES

Education And Training Manager

Free and Open-Source Software
Community
University of Kelaniya

Co-Editor
